

As the Signatory to this Fashion Industry Charter on Climate Action, affirm our commitment on behalf of **SLN TEKSTİL VE MODA SAN. TİC. A.Ş.** to:

1. Support the goals of the Paris Agreement in limiting global temperature rise to well below two degrees Celsius above pre-industrial levels;
2. Commit to 30 per cent aggregate GHG emission reductions in scope 1, 2 and 3 of the Greenhouse Gas Protocol Corporate Standard, by 2030 against a baseline of no earlier than 2015;
3. Commit to analyzing and setting a decarbonization pathway for the fashion industry drawing on methodologies from the Science-Based Targets Initiative;
4. Quantify, track and publicly report our GHG emissions, consistent with standards and best practices of measurement and transparency;
5. Partner with experts, businesses, investors, environmental advocates and other stakeholders to develop and implement a decarbonization strategy for the fashion industry, including by developing a work programme and tools necessary to achieve the GHG emission reduction targets;
6. Commit to prioritizing materials with low-climate5 impact without affecting negatively other sustainability aspects;
7. Commit to continuously pursue energy efficiency measures and renewable energy in our value chain;
8. As soon as possible and latest by 2025, commit to not installing new coal-fired boilers or other sources of coal-fired heat and power generation, on sites within Tier one6 and Tier two;
9. Support global transition to low-carbon transport by giving preference to low-carbon logistics;
10. Support the movement towards circular business models and acknowledge the positive impact this will have towards reducing GHG emissions within the fashion sector;
11. Establish a closer dialogue with consumers to increase awareness about the GHG emissions caused in the use and end-of-life phases of products, building towards changed consumer behaviors that reduce environmental impacts and extend the useful life of products;
12. Partner with the finance community and policymakers to catalyze scalable solutions for a low-carbon economy throughout the sector;
13. Together with other stakeholders, develop a strategy including targets and plans to advocate for the development of policies and laws to empower climate action in the fashion industry, especially in supply chains;
14. Establish a dialogue with governments in key countries to enable renewable energy, energy efficiency and the necessary infrastructure for a systemic change beyond the fashion industry;
15. Communicate a shared vision and understanding through the development of a common strategy and messaging, including by championing climate action within the fashion industry through an enhanced and trust-building dialogue with relevant stakeholders;
16. Support the UN Climate Change secretariat in its efforts to manage the tracking and recognition of progress of the commitments outlined in the Fashion Industry Charter for Climate Action.
